2021 Welcome

It seems like months since our last meeting, the Christmas Dinner and the beginning of the new year. February has arrived and it's time to start a new exciting year of activities at the Adelaide Hills Photography Club. I am sure that you will agree that the 2021 Program has something for everyone to get members motivated with their cameras and learning new tips and tricks. The number of competitions has been reduced in response to members' input in the 2019 Survey.

Barbara Brain has taken leave as President to travel to Northern Territory and Queensland to visit family and will be away for an extended period. Barbara has also advised that she will not be standing for a position for the 2021 Committee but will remain a member.

In the meantime and until the AGM in March, I have been asked to step in as acting President. Thank you to Barbara for her work as President. Thank you must go to Jeannette Macdonald (Immediate Past President) for navigating the Club through what was an unexpectedly demanding year due to Barbara's absence as well the restrictions imposed by the pandemic.

Please give consideration to nominating for a role on the 2021 committee as the success of the Club depends on a good working Committee. The Nomination Form will be circulated separately.

Finally we are looking to refresh and showcase members' images via the Gallery page on the AHPC website. Please send your images (saved with the title as the filename) to [Competition Secretary](#). Image resolution will be reduced to suit the website - this ensures that the images can be displayed quickly on the web while providing some protection for members' images as the resolution is too low to reproduce when printed.

See you on Wednesday 10 February for our first meeting for 2021.

Meetings in February

10 February 2021 - Welcome to 2021

at The Anne Jolly Hall, Epiphany Place, Crafers

Time: 7.00pm for 7.30pm start

Our guest speaker to start the AHPC photographic calendar will be former member Brian Cartwright speaking about "Birds in Flight". Brian, an accomplished "birder" will impart his wealth of knowledge, tips and tricks for taking successful images of birds.

Following Brian's presentation, there will be a 15-minute coffee break. Tea/coffee/biscuits will be served - please do not bring a supper plate or any other food to the Hall.

The 2021 Program Committee will then present for discussion the program for the year. A copy of the Program is included at the end of this newsletter.

24 February 2021 - Close-up & Macro Workshop

at The Anne Jolly Hall, Epiphany Place, Crafers

Time: 7.30pm start

This will be a hands-on workshop opportunity for members to capture images of small objects in a supportive club environment.

What to bring:

Your camera and an appropriate macro or zoom lens. You may also like to bring a tripod, flash or other light source and any other gadget that you may have for macro photography. Also bring a small (non-valuable) object such as sea shells, flowers, rocks or whatever you think will be a good subject for macro photography. In case you forget, there will be some of these items available on the night.

AGM in March

10 March 2021

at The Anne Jolly Hall, Epiphany Place, Crafers

Time: 7.00pm for 7.30pm start

Nominations for Committee are now open with the Nomination Form being circulated separately. Please give serious consideration in nominating for a role on the Committee. It is not an arduous task, with Committee meetings held once a month via Zoom. Be a part of your Club and volunteer.

Photography Opportunities

Sunday 14 February 2021

"Shannons British at The Bend", Tailem Bend

The Bend will play host to a collection of the best British cars, motorcycles and working vehicles, across a themed and multidisciplinary celebration of the finest automotive brands and vehicles, both past and present, that Britain has to offer! The day will also feature displays of the latest British cars and motorcycles from manufacturers and dealerships, British food and beverage favourites, and other side shows and activities. This is a terrific photo opportunity for car lovers. Book online via this link:

Exhibitions

Several camera/photography clubs are currently holding their exhibitions and these are well-worth visiting to see the talent of South Australia's club photographers.

Eastern Suburbs Camera Club Showcase

Through to 25 February 2021, 9am - 4pm, location: Burnside Civic Centre, 401 Greenhill Road, Tasmore

Eastern Suburbs Camera Club's annual Photo Showcase is on again in 2021. After a difficult 2020 our members are delighted to be able to showcase over 500 digital images from our 2020 Annual Exhibition. Although 2020 saw the postponement of print images in the Annual, members have provided old and new prints from their collections to enable an outstanding print display for this Showcase.

Edwardstown Photography Club Exhibition

Through to 25 February 2021, 10am - 4pm, location: Hamra Centre Gallery, 1 Brooker Terrace Hilton

You are invited to visit the Edwardstown Photography Club 2020 Curated Print Exhibition currently on show at Hamra Centre Gallery, City of West Torrens.

Strathalbyn and Districts Camera Club Exhibition

Through to 28 February 2021, 10am - 4pm, location: Stationmaster's Art Gallery, 20 South Terrace Strathalbyn

Members will have their work on display at the gallery for the month of February.

Chromatopia - An Exploration of how and why Artists use Colour

Until 26 April 2021, 10am - 5pm, location: Gallery 9, Art Gallery of SA, North Terrace Adelaide

Francis Bacon famously wrote that 'all colours will agree in the dark'. The painter's enigmatic quip hints at the effect that colours have on each other, and on us. This display explores how and why artists use colour - for personal, political, philosophical or perceptual purpose.

Chromatopia features recently acquired works by international and Australian contemporary artists, including Virginia Cuppidge, Jitish Kallat, Tracey Moffatt and Gareth Sansom, but was inspired by a rarely seen work acquired more than half a century ago. Harvest, painted by Dame Laura Knight on the cusp of the Second World War, is a tonic for our times and the inspiration behind this spectral journey.
